

Calling all local business owners and marketing directors.

In conjunction with Chesterton's down town trick or treat we are once again hosting our haunted dojo.

This year we are going BIG. We are seeking local business owners looking for a free advertising opportunity. You will be given 10x10 space outside to set up a booth with a carnival type game for kids

to play. You may hand out candy and your marketing material. We are seeking family friendly businesses that do not offer similar children's services that might be a conflict of interest. There is no cost to be a part of this festival and it a chance for you to market your business to the trick or treaters who are down town Friday October 25 Last year over 300 local families toured our haunted dojo & we expect to have even more this year. This is a great opportunity for small business advertising! Please

contact us for more information.

Vendor application attached.
